

**BRIGHT FUTURES  
ARE WRITTEN  
BY HAND**

This activity can be used with children aged 7-8.  
It is designed to help them identify adjectives used to describe nouns.

## Find the adjectives

Draw a circle around the adjective in each sentence that describes the underlined noun.

It was a sunny day.

We were on a rocky path that led to a crowded beach.

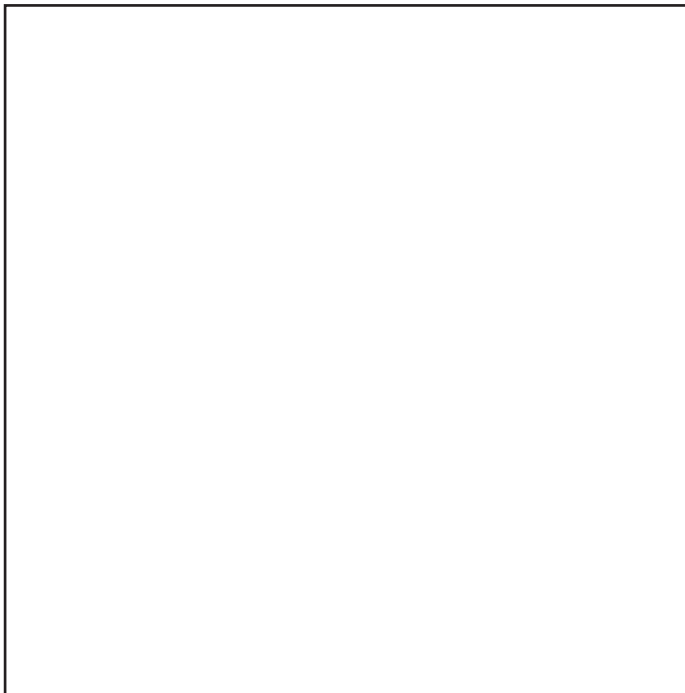

We stepped off the narrow path into the white sand.

We looked at the small waves and the blue water.

We ran straight to the sparkling sea and swam in the cool water.

It was a beautiful day.

Draw a picture to match the sentences.

Choose two of the adjectives that you circled and use them to write two of your own sentences.
