

**BRIGHT FUTURES
ARE WRITTEN
BY HAND**

This activity can be used with children aged 7-8. It is designed to help them compose a simple text that recounts a series of events in order.

My Favourite excursion

Draw a picture of your favourite excursion in the box.

Think about when and where the excursion took place, who went and why. Then, on some scrap paper make a list of the days' events in order of how they occurred. Now, write the story to match your picture.
